

For Immediate Release

KIDS MOBILITY NETWORK RELOCATES TO NEW OFFICES AND WAREHOUSE

Sheridan, Colorado, July 1, 2010 - Kids Mobility Network, Inc. today announced that the Organization has relocated its offices and warehouse. The new offices and warehouse are located at 4251 S. Natches Court, Suite C, Sheridan, Colorado 80110.

"Kids Mobility Network continues to grow and demand for our services is at an all-time high," stated Christy Kopp, Executive Director of Kids Mobility Network. "Our new offices and warehouse provides us with more space to meet the growing demand for our services."

Since its inception in 2006, the Organization has served hundreds of children with disabilities and their families, providing several hundred pieces of durable medical equipment. This equipment includes manual and power wheelchairs, walkers, gait trainers, standers and a host of other pieces of equipment that help children to better access their communities and better interact with their peers. "The purpose of durable medical equipment is so far beyond mobility. It's about allowing kids to be doers, not observers. This peer interaction provides enhanced development of interpersonal skills and self confidence – something that is critical to every child's development," added Kopp.

Kids Mobility Network is rapidly expanding due to increasing needs for the services provided by the Organization. Changes in medical coverage amongst many families over the past several years have increased the need for alternatives to traditional medical insurance coverage for durable medical equipment. "Our greatest challenge to date has been attaining adequate financial resources to hire the necessary staff to meet the growing demand for our services and our new offices are one example of our increasing need for additional financial resources," stated Kopp. "We're actively seeking corporate sponsors and donors to help us build up Kids Mobility Network to serve the many children that require our services."

About Kids Mobility Network

Kids Mobility Network, Inc., based in Denver, Colorado, is a 501(c)3 non-profit organization that is changing the lives of children with disabilities by providing durable medical equipment (DME) such as walkers and wheelchairs to children whose families are underinsured or uninsured. For more information about Kids Mobility Network or to give a tax deductible donation, visit the Organization's website at <http://www.kidsmobility.org>.
